

Japanese Enrolment Form 2017-2018

Students who are not EAS Specialists/Majors must request to be registered by the department by submitting this form by August 14, 2017 at 9 am EDT. Registrations will be processed by priorities established by the department and the timestamp on your form submission, so it is in your interest to submit this form as soon as possible. The department will register you in the course if space permits or add you to the waitlist during August 15 - 18. Please ensure that there is room in your course load for the course you wish to take. Failure to do so may result in the loss of your space in the course. Please note that you may only submit this form if you have the minimum grade in the prerequisite course or were placed in a course via the placement test previously. For others, your September placement test form and placement result will serve as your request for registration.
