East Asian Studies Department

PLEASE COMPLETE THIS FORM AND SUBMIT TO THE EAS PROGRAM ADMINISTRATOR.

Spaces in EAS graduate language courses are extremely limited and depend on undergraduate enrolment (the courses meet with the undergraduate courses). Priority is given first to EAS graduate students who need the language for their program and, second, to graduate students from other departments who need the language for their program. In the rare cases that spaces are available, language coordinators may consider enrolment requests from graduate students who do not need the language for their program (if this applies to you, please check with the language coordinator prior to attending the placement test/interview). In all cases, the graduate students must first follow the language placement procedures (see eas.utoronto.ca) for the course they wish to take prior to filling out this form and the department cannot guarantee spaces.
