

EAS Re-Orientation

Join us for a casual orientation session designed to welcome students to the East Asian Studies Department! Aimed to familiarize students to EAS's programs, you will meet professors and TAs, as well as get to know other students in EAS's programs.

Get answers to your questions:

What kind of courses can I take in my upper years?

What is the best time to study abroad?

What resources are available for EAS research?

What is the difference between EAS and similar programs?

Lunch will be provided!

RSVP is required by Feb 1.
